of the Government, a sum of Rs 696 has been paid, to [illegible] towards the maintenance charges of the Ramachandrapuram [illegible] which irrigates the villages [illegible] and [illegible] the Kaithavanam thoroughfare at Pirapamedu, out of the collection in the villages. The procedure continued till recently, when the M.C. checked the [illegible] of the tenants and Pattadars have objected that their proportionate contribution to the Tenants Funds ought to be collected from the lands having direct benefit under the channel as they were paying charges on them.

(4) In pursuance of this order in the M.C. [illegible] (1936-37) an acreage contribution for acres is being demanded of the ryots in lieu of their liability to do the Channel Maintenance work and the amount coming to Rs 696 in this account is also taken both on the Income and Expenditure sides of the Income Statement vide [illegible] dated 26.1.1937.

of the poonjai village lands, is not authorised under any Govt order. The M.C has stated that in the seven years during which cess, sanction may be accorded for levying this levy.

(6) So far as sanction under S. 35(2) of the Act is concerned, I have no objection to accord the required sanction, provided that in such order no commutation shall be made except with the consent of two-thirds of the number of persons bound to perform the services. In this case no such consent is known to have been obtained and the ryots have only been paying as they are directed to make such payment and not as a result of any consent obtained from them to the levy. This being so, in addition to the steps that are to be taken to obtain such consent before issuing order for levying the levy as recommended by the M.C.

(7) Further the question of any power which empowers the Govt, lands in question is I think it is desirable that the R.D.O. should be asked to have this point considered in the matter besides the reference should also be made

No order is in existence now & such sanction the levy. By an order should now issue. It is necessary, that the consent of at least 2/3 of the number of shareholders should be obtained. (24) It is reported that the Archakatdars of lands in the seven villages of Sri Ranganathaswamy temple at Sivasamudram are not agreeable to execute a muchalika for the levy of the acreage cess. As the cess can not be legally realised without their consent, the provision in R. 696 in this behalf in the temple scale will have to be deleted and the liability of the tenants for the maintenance of the channels may be enforced under Section 35(1) of the Irrigation Act i.e. the liability to perform, without payment the customary labour.

GENERAL SECRETARY. 8 MAY 1938

Re. Levy of Acreage Cess on lands belonging to Sri Ranganathaswami Temple at Sivasamudram.

In continuation of this office letter No.C.1042/37-38 dated 3-9- re. the levy of irrigation and acreage cesses from the ryots of Purigai village, Malavalli Taluk, I have the honor to state, with reference to para 2 of that letter, that an acreage cess of an amount of Rs 696 is being demanded of the ryots in lieu of their liability to do the Channel Maintenance work, and that this amount is taken on the income side of the scale of Sri Ranganathaswami temple which has been approved in G.O. No.1023-5/Muz.126-36-4 dated 26-1-1937.

The levy of acreage cess requires the sanction of Government, as per Section 35(2) of the Irrigation Regulation and the one in the present case does not seem to be supported by any Order of Government.

As the tenants are already paying this cess, I request that sanction of Government may be kindly obtained for regularising this levy.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.
